

BEFORE YOU GO... A POLLINATION SCAVENGER HUNT!

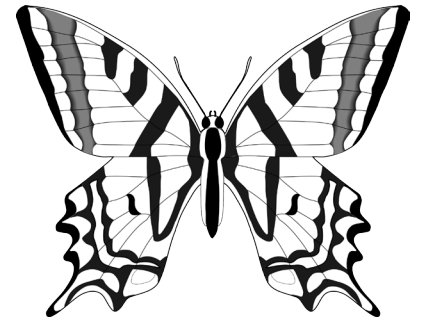

A fun activity to try at home or head down to the meadow at Irvine Nature Center to see if you can find some of these pollinators and plants. (Take the Vista Loop Trail towards the gazebo and meadow overlook.) You can also see inside a beehive in the nature center. Show us your pollinators! Take a picture when you've finished the scavenger hunt, tag WPCS on social media and use #WPCSPollinate to be entered into a prize drawing!

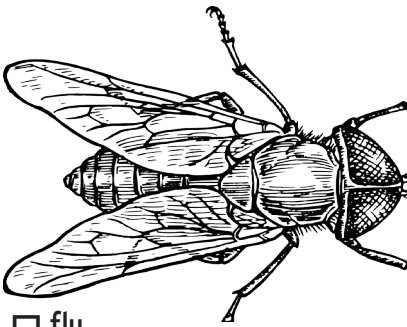

honey bee

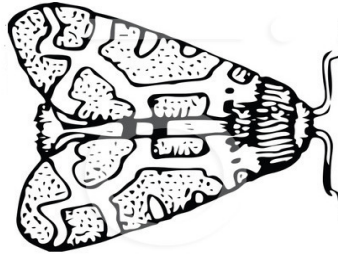

mason bee

butterfly

fly

moth

hummingbird

flowers

milkweed

bat (check in the evening)
